NEW ARRIVALS OF WORKING PAPERS

NOVEMBER & DECEMBER 2013, VOLUME 10, ISSUE NO. 11 & 12

LIBRARY

NATIONAL INSTITUTE OF PUBLIC FINANCE AND POLICY

New Delhi-110067

LIBRARY - Circulation Procedure

Books and other publications can be checked out from the circulation counter. Books are issued for 2 months, bound volumes of journals for 3 days and current issues of journals and reference books overnight. Journals will not be issued out (on loan) to non-academic staff. In exceptional situations additional borrowing facilities may be allowed if such requests are approved by the competent authority. Books can be called back during the loan period, if there is demand from another user. Consecutive renewals of any particular copy of a bound journal by the same borrower over a long period of time may not be allowed. However, a book may be re-issued to a borrower if there is no demand for it from other members. The documents issued should be returned on or before the due date. Fines are incurred @ Rs.2/- per week for books after a grace period of one week, Re.1/- per day for bound volumes of journals, current journals and reference books. The library generally issues overdue notices, but failure to receive such a notice is not sufficient reason for non-return of overdue books or journals etc.

The fine structure for the late return books and documents are as follows:

1. **Reference Books and Loose issues of Journals:** These documents will be issued overnight/day time only. If the book is returned on the next day by 11.30 AM, there is no fine. After that each day or part thereof will be charged @ Rs.1.00.
2. **General Books:** This document will be issued for 2 months plus one-week grace period. Thereafter for delay of each additional week or part thereof fine will be charged @ Rs.2.00
3. **Bound Volumes of Journals:** Bound volumes issued for 3 days and after that fine will be charged @ Rs.1.00 per day.
4. **Non-Book material (CD-ROM, Floppy, Microfiche and On-line):** These electronic documents are issued on request basis to faculty members. The same can be accessed only in the **Library Electronic Cabin.**

The library connects us with the insight and knowledge, painfully extracted from Nature, of the greatest minds that ever were, with the best teachers, drawn from the entire planet and from all our history, to instruct us without tiring, and to inspire us to make our own contribution to the collective knowledge of the human species. I think the health of our civilization, the depth of our awareness about the underpinnings of our culture and our concern for the future can all be tested by how well we support our libraries.
